Susan,

I will look at the review and ensure you have it in time for your deadline on Monday.

Next week concerns:

Monday, Sunroc, M/023/016 owes their escalated amount today. They are coming in for a meeting. leslie told them they should pay the amount as identified in the Dec 2007 (approx date) review. Leslie scheduled me to attend the meeting. At a minimum they need to pay the escalated amount on the existing surety. If leslie can get it all, then cool.

→ M10351002 Wed, due to for KUC's commitment to commit in the plan. We are having a meeting the week of June 25 addressing plan mechanics. Date has not been confirmed but will let you know. Chris K. said he hoped to have the submittal in on Monday June 9.

Fri, keigley quarry appendix due. Mike should have it to us this day.

You can call me if needed during the week. I'm not going anywhere exotic...so should be pretty accessible.

Thanks. Have a nice weekend.
Beth
